

# Directory of online resources for Connecticut's medical marijuana program (MMJ)

some especially relevant to the southeastern region of CT

Compiled by

all links active March 2022

- 1) The State of Connecticut's Medical Marijuana (MMJ) official portal: [www.ct.gov/dcp/mpp](http://www.ct.gov/dcp/mpp)
- 2) Statistics of numbers of CT patients registered for MMJ & of doctors who sponsor them: <https://portal.ct.gov/DCP/Medical-Marijuana-Program/Medical-Marijuana-Statistics>
  - As of March 2022, there were 53,291 registered patients and 1,539 registered doctors.
  - Since recreational legalization in 2021, patient numbers decreased, doctors increased.
  - With a population of 3,700,000, 1 out of every 70 Connecticut citizens is a patient.
- 3) CT's 18 dispensaries, all providing online "menus" viewable by anyone: <https://portal.ct.gov/DCP/Medical-Marijuana-Program/Connecticut-Medical-Marijuana-Dispensary-Facilities>
  - The first dispensary in SE CT, formerly called Thames Valley Relief, was a family-owned business, but sold out to a national cannabis corporation, so is now renamed The Botanist. Located in Uncasville on Route 32, 7 miles north of Conn College: <https://www.shopbotanist.com/locations/montville/>
  - The second dispensary in SE CT, opened in 2020 after an 18-month delay, was called Herbology until its corporate owner was purchased by Curaleaf, making Curaleaf the world's largest cannabis corporation. The dispensary is located in Groton, presciently diagonally across the street from a Walmart: <https://ct.curaleaf.com/shop/groton>
  - Patients in SE CT can now choose between two mega-cannabis corporations, oh joy. Alternatively, as of Oct 2021, patients can legally grow their own.
- 4) For an incomplete listing of CT's "pot docs," doctors not approved for health insurance, so charge cash for their exorbitant fees to sponsor patients, search the internet for "Connecticut medical marijuana doctors." Even "Connecticut pot docs" will render search results.

- Among them is Canna Care Docs (CCD), with 36 offices in 11 states. Its former office in New London closed after less than three years: <https://cannacaredocs.com>
- Article in *The Day*, about Canna Care Docs with my Reader Comments of 3 corrections: [www.theday.com/business/20190216/medical-cannabis-office-opens-in-new-london](http://www.theday.com/business/20190216/medical-cannabis-office-opens-in-new-london)
- Many pot docs are equally fly-by-night, for instance Empathy MD, formerly based in New London, closed down its office, and its FB page & website are dead links.

5) Probably the most interesting website of all, the *Medical Marijuana Brand Registry*, CT's extensive database of its MMJ products (for photos, click: "PRODUCT-IMAGE → Photo") <https://data.ct.gov/Health-and-Human-Services/Medical-Marijuana-Brand-Registry/egd5-wb6r/data>

6) Recent and current legislative bills for legalizing recreational use in CT:

- 2020: Testimonies for *failed* Senate Bill SB 16: [https://cga.ct.gov/asp/menu/CommDocTmyBillAllComm.asp?bill=SB-00016&doc\\_year=2020](https://cga.ct.gov/asp/menu/CommDocTmyBillAllComm.asp?bill=SB-00016&doc_year=2020)
- 2021: Text of the *passed but amended* Governor's Bill 3311: <https://portal.ct.gov/-/media/Office-of-the-Governor/2021-Legislative-Proposals/AA-Responsibly-and-Equitably-Regulating-AdultUse-Cannabis-LCO-3311.pdf>
- 2021 and beyond: Summary in lay terms of CT's newly enacted law legalizing adult-use of cannabis: <https://portal.ct.gov/cannabis>

7) My most recent Opinion essays about MMJ and cannabis have been published on:
